

Designing for Food

By: Chloe Richman

Collect a quote from an acquaintance about the food options in the neighborhood you live in, then organize and design the layout of the paragraph and page.

"I live in Greenwich Village, but according to Snapchat it can be Chelsea or Greenwich Village, so my food options are really endless. There is a diner across the street from me called, Good Stuff, which is 24 hours and has super good comfort food. I also live above Chelsea Bagel and Cafe, so every morning I get a delicious breakfast bagel and they know my order when I walk in, it's pretty convenient".

"I don't get out to eat around my neighborhood much but the one place I've gone a lot is the neighborhood late night bodega. Their kitchen has a number of options ranging from bagels and sandwiches, to falafel plates and shrimp dinners. I like the turkey sandwich a lot and it was all I ate when I first moved in for like a week. They toast the yummy bread real nice with turkey and cheese. Super fresh. Then they give you a free banana and pickle! What a steal!! Can't complain!"
